

## BEACONNECT: Disable Pop-up Blocker

Beacon Mutual's secure online portal, BEACONNECT, is designed with some features to launch pop-up windows (pop-ups) including Agent Quoting Center, First Report of Injury, and Pay As You Go. If you have your browser pop-ups disabled, the BEACONNECT features will not launch.

Each browser has a different set of steps to disable the pop-ups blocker. Visit the following browser websites for step-by-step instructions for the browser of your choice:

Chrome

Edge for Windows

### Microsoft Edge

Note: By default, Microsoft Edge has pop-ups enabled. If for some reason, your pop-ups are disabled in Edge, visit the following link for instructions on accessing settings. If the Security switch is on, toggle it to off.
